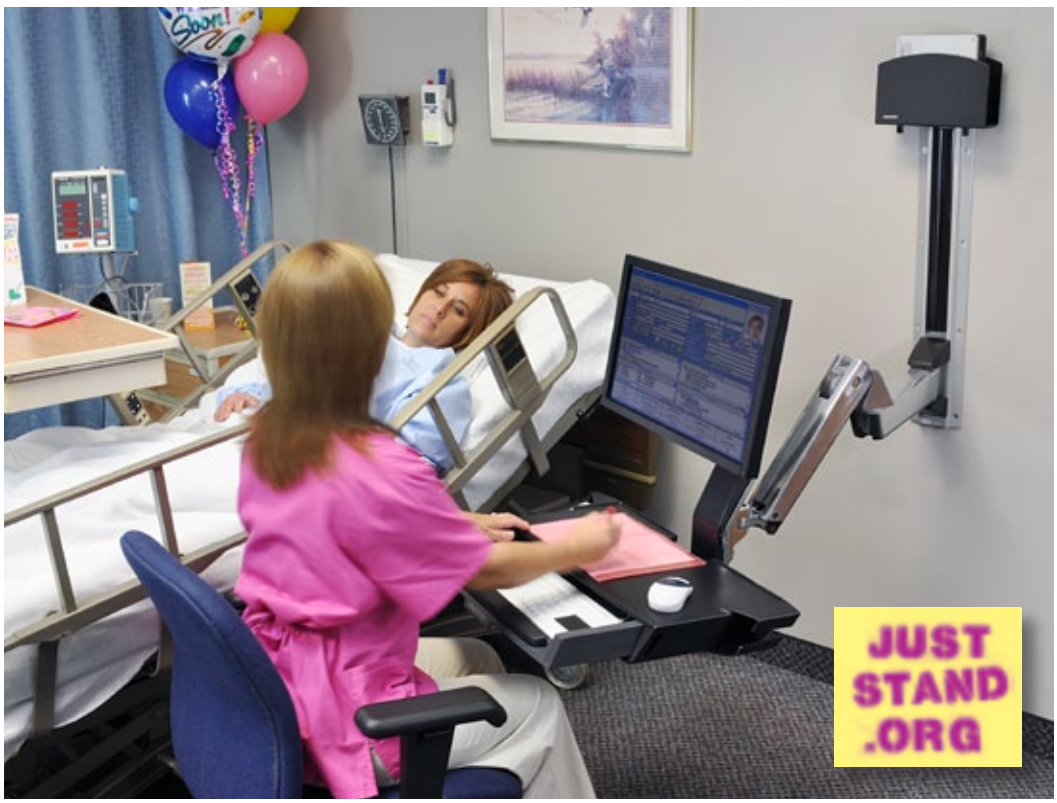
StyleView: Point-of-Care and Everywhere

Our latest StyleView® solutions: industry-leading carts and point-of-care wall mounts

Mounting and Mobility Solutions for Your Entire Facility



Point-of-care and everywhere

Healthy computing starts with understanding the diverse needs required to bring EMR, eMAR, PACS and CPOE to the point of care. With almost 30 years experience in creating ergonomic solutions for computer users worldwide, and 20 years in healthcare alone, Ergotron is uniquely qualified to help you configure options and design workstations that fit workflow throughout the entire facility.

Collaborate with dedicated healthcare leadership and caregiving professionals worldwide

Choose from a broad solutions-based portfolio offering ease of motion, true ergonomic designs, and space-saving technologies

Configure options to design workstations that fit your workflow throughout the entire facility

See how Ergotron products are used every day.

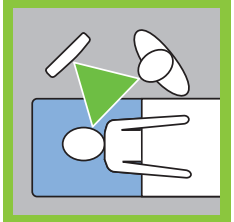
Triangle of Care



Create the connection between you, your patient and their information

See “Ergotron StyleView: A Healthy Groove” movies.ergotron.com

Ergotron products allow computer systems to be easily and ergonomically positioned for any user. The effect? Minimizing space requirements and maximizing efficiency.

- **Ease of motion** – quick adjustment; easily maneuver to the point-of-care
- **True ergonomic designs** – create a comfortable work environment for you
- **Space-saving technologies** – place equipment where needed

OSHPD

Office of Statewide Health Planning and Development

Ergotron’s wall mount products received OSHPD OPA Pre-approval numbers for mounting in hospitals and healthcare facilities throughout California on October 13, 2009. These standards help ensure patient safety during an earthquake and help make it possible for facilities to continue to function and care for the injured after an earthquake.

OPA #	Applicable wall mount solution/configuration
2338-07	Wall Track and all possible associated arms – direct to stud (16″ on center)
2339-07	Wall Track and all associated arms (including StyleView Vertical Lift) – external mount
2341-07	StyleView Vertical Lift – internal mount
2340-07	StyleView Enclosure – direct to stud (16″ on center)

To learn more about Ergotron’s commitment to OSHPD compliance visit www.ergotron.com.

	StyleView Sit-Stand Enclosure	StyleView VL Enclosure
Part # (color)	60-610-062 (white) 60-610-060 (black)	60-595-062 (white)
Includes	Enclosure, velcro kit (attaches keyboard to keyboard tray), cable management wrap, antimicrobial wrist rest. Wall footprint 38.2″H x 26.6″W (97 x 67,5 cm)	Enclosure, wall plate, mounting template, vertical lift, slide-out keyboard tray, wrist rest, mouse pouch, scanner holder, internal cable management, batteries, monitor mounting hardware, wall mounting hardware, keys
Typical LCD Size	≤ 22″ Maximum monitor physical dimensions 20.5″W x 13.5″H x 2.5″D (52,1 x 34,3 x 6,4 cm). Monitor depth greater than 2.5″ (6,4 cm) is allowable, however screen will protrude beyond profile of unit in such cases	≤ 22″ Maximum monitor physical dimensions 20.7″ W x 14.7″ H x 2.8″ D (52,6 x 37,3 x 7 cm). Assumes VESA hole pattern is centered on the back of the display
LCD SIZE IS APPROXIMATION. DIMENSION IS DIAGONAL MEASUREMENT OF SCREEN. **LCD SIZE** MAY BE EXCEEDED AS LONG AS SCREEN WEIGHT DOES NOT EXCEED MAXIMUM WEIGHT CAPACITY OF THE MOUNT.		
Weight Capacity	≤ 39 lbs (17,7 kg) Listed weight capacity represents total load. CPU 3–10 lbs (1,4–4,5 kg); monitor 7–12.5 lbs (3,2–5,7 kg); keyboard and worksurface 0.5–1.5 lbs (0,2–0,7 kg)	8–33 lbs (3,6–14,9 kg) Listed weight capacity represents total load, including monitor and contents of keyboard tray, mouse pouch and scanner holder. Maximum load capacity: monitor pivot 18 lbs (8,2 kg); CPU compartment 20 lbs (9,1 kg); door/worksurface 50 lbs (22,6 kg)

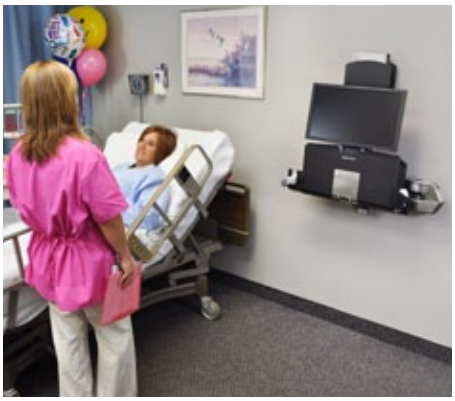
Worksurface with pull-out keyboard tray facilitates caregiver workflow



① Patented CF lift-and-pivot motion technology provides premium 25″ (63,5 cm) LCD height adjustment, portrait-to-landscape rotation and 30° tilt

② Durable, easy-to-clean exterior composed of aluminum, high-grade plastic

③ Integrated mouse and barcode scanner holder provide easy access

④ Fold-down worksurface/keyboard tray to support workflow needs. Worksurface is 22.75″W x 10.6″ D (57,8 x 26,9 cm). Keyboard tray is 18.6″W x 9″D (47,2 x 22,8 cm)

⑤ Ergonomic back-tilt keyboard tray ensures wrists remain in a neutral position during data entry

⑥ Clean, concealed and neat routing of cables through the expansive cable management system

⑦ Extend LCD and keyboard up to 43″ (109 cm) from wall; fold equipment back out of the way when not in use. With worksurface in storage position, system depth is as little as 8″ (20,3 cm). With keyboard in storage position, system depth is as little as 12″ (30,5 cm)

⑧ Optional Extender Arm (45-261-026) increases range of motion for even greater reach

Superior ergonomics and maneuverability for the largest range of nurses

Our extensive line of Electronic Medical Record (EMR) and Patient Healthcare Delivery (PHD) StyleView carts leverage 20 years of experience in healthcare.

Lightweight. Ultrafast recharge. Long battery LiFe.

LiFe

Why choose a StyleView Cart powered with LiFe?

Extremely lightweight and adjustable
The LiFe power system combines with StyleView's ergonomic adjustability to decrease caregiver fatigue and enhance overall wellness and productivity

Ultrafast recharge ensures caregiver and cart uptime
A full recharge from full discharge can be completed in around two hours for typical loads. Less charging = more caregiving!

Long battery 'LiFe' minimizes time and cost for maintenance and replacement
Proven to achieve thousands of cycles per lifetime and to last several years in a typical healthcare setting

Safe and certified
For patient and caregiver safety, the power module is certified to UL 60601-1; FULL power system and cart-level certification is in progress

Includes FREE StyleLink with enterprise capabilities
Install, access and manage your StyleView power systems from a remote location across WAN, LAN, or VPN

See "StyleView: Fit for Every Body" movies.ergotron.com

StyleLink™

FREE!

Med drawer control available with PHD powered carts

Bifocal viewing adjustment for caregivers and true ergonomics for seated work

FREE, industry leading StyleLink Software with enterprise capabilities

StyleLink's three-part software package (Enterprise, Client, Graphing Tool) offers broad system and platform compatibility for global healthcare customers deploying Ergotron StyleView Carts with power.

Extend Asset Life Cycle

Optimizes balance between runtime and cycle life

Helps prevent deep discharging, which maximizes battery cycle life and minimizes battery replacement cost

Proactive Power System Management

Eliminate surprises through use of diagnostic tools, simplifying power system management and reducing time required to fix problems

Email alerts sent by each cart at different stages of battery life facilitate proactive power system management

Remote configuration: remotely configure or change email alerts, names, passwords and communication thresholds on each cart, or a group of carts, using your MS Network

Reduce Total Cost of Ownership

Reduce costs for maintenance; eliminate need for expensive onsite technical support by leveraging diagnostic capabilities. Simply email StyleLink's history data file to Ergotron Tech Support and they will help troubleshoot power system performance issues

Plan battery replacement based on custom views or email alerts, rather than being surprised by a (higher cost) replacement situation during caregivers' active work hours

Enterprise Capabilities

Remote enterprise monitor: access your carts across WAN, LAN, or VPN to get real-time information

Custom views: view those carts that meet your specific rules, e.g., carts unplugged, carts not connected, carts not reporting in the last 7 days, etc.

Group view: organize your carts into groups and subgroups. Set views for specific areas of your facilities; troubleshoot power system performance issues

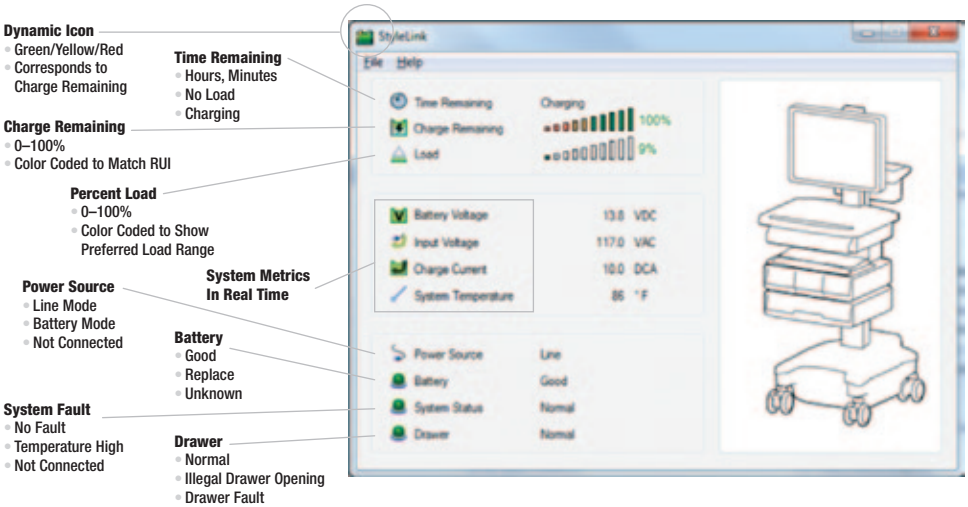
Advanced Drawer Management

Each drawer individually controlled with PIN; program locally or remotely via enterprise

Drawer event log and report capability

Two points of console access for PIN updates: Unit Clerk or IT

Get real-time centralized control over mobile computing deployments across multi-facility healthcare campuses.



For display compatibility, visit www.ergotron.com

Ergotron Service Program

Save time and money by allowing the experts to install and service Ergotron products

- Improve asset management and extend asset life cycle
- Reduce maintenance costs
- Safeguard operational efficiencies and maintain uptime
- Resolve potential problems in a timely manner
- Free up valuable resources to focus on your business
- Maximize product life and achieve optimum product conditioning, reducing total cost of ownership

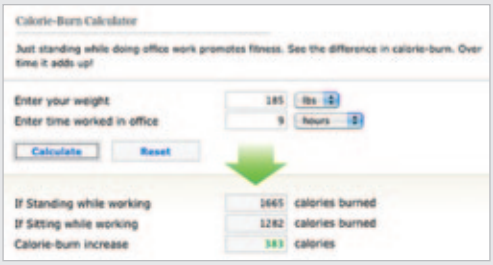
Join the Uprising! Just Stand.

Get inspired!

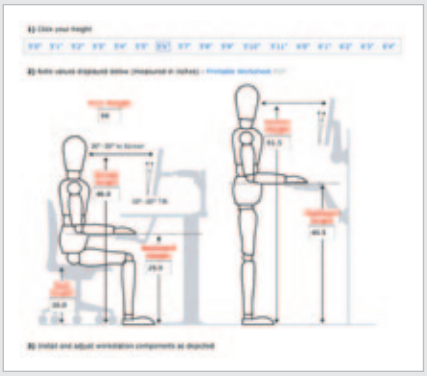
For those stuck long hours sitting at a computer, standing a little more each day burns extra calories, tones muscles, improves posture, increases blood flow and ramps up metabolism.



"My calories burned per day went up by about 400 ... Who would have thought such a simple thing would make such a huge difference?"

~ Clare H., major PC company

The key to standing more is to assemble a system that matches your body and your work routine.



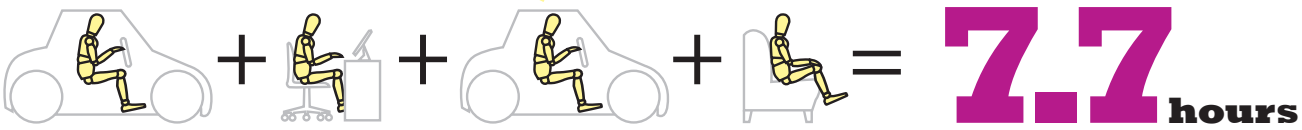
The science behind the need to stand:

- A January 2010 British Journal of Sports Medicine article suggests that people who sit for long periods of time have an increased risk of disease.
- An American Cancer Society study, published in the July 2010 American Journal of Epidemiology, of 120,000 adults suggests that the more people sit, the shorter their average life span. What's more, the findings were independent of physical activity level such as with people who exercise outside of work.
- A 2010 University of Queensland, Australia study found that even when adults meet physical activity guidelines, sitting for prolonged periods can compromise metabolic health.

Sitting Disease by the numbers

Our modern sedentary lifestyles, both at home and in the workplace, are costly for us and for our employers.

Average hours of seated commute
+ average hours of seated homelife = too much sitting!



A 2008 Vanderbilt University study of 6,300 people published in the *American Journal of Epidemiology* estimated that the average American spends 55% of waking time (7.7 hours per day) in sedentary behaviors such as sitting.

Healthy mounting solutions for the entire enterprise
